

# Demo Meetings, Primary Saturday

## Meeting in Each Of 15 Precincts

Democratic Precinct Conventions will be held Saturday in each of the voting precincts for the purpose of electing delegates to the county convention and for adopting resolutions.

The 15 precincts will elect 229 delegates to the county convention, which will be held Aug. 2.

Delegate strength will be 37 for Precinct 1, 2 for 2, 4 for 3, 1 for 4, 3 for 5, 5 for 6, 2 for 7, 5 for 8, 44 for 9, 28 for 10, 20 for 11, 27 for 12, 17 for 13, 30 for 14 and 4 for 15.

The numbers of delegates for Precincts 12, 14 and 15 were apportioned according to the percentage of the total voting strength of each of the three precincts. Old Precinct 12, from which 14 and 15 were created, would have sent 61 delegates to the convention.

The precinct conventions are open to any Democrat who lives in the precinct. Those who plan to attend any of the conventions should be early, in order that they may be registered before the starting time.

Democratic Party Precinct conventions will be held at the following times and places:

Pct. No.	Place	Time
1	District Courtroom	7:30 p. m.
2	Jowell School	1 p. m.
3	Randall County Grain & Supply office	1 p. m.
4	Fairview School	1 p. m.
5	Ladehoff farm	1 p. m.
6	Deavour's residence	7:30 p. m.
7	Highland Community Center	1 p. m.
8	Umbarger School	1 p. m.
9	Alice Landergin School	7:30 p. m.
10	Lamar School	7:30 p. m.
11	South Lawn School	7:30 p. m.
12	Coronado School	7:30 p. m.
13	WT Fieldhouse	7:30 p. m.
14	Paramount School	7:30 p. m.
15	In Front of Olsen Park Church of Christ	7:30 p. m.

## Republicans Plan Pct. 1 Convention

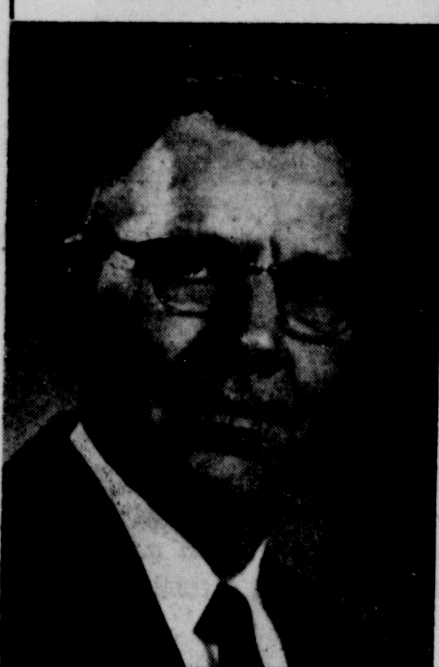

A Republican Precinct Convention will be held in Precinct 1 Saturday, according to Richard Steele, government professor at West Texas State. Steele was appointed temporary chairman by R. E. Clements, Randall County Republican chairman.

Steele said the convention will begin at 7:30 p. m. in the Commissioners Courtroom in the jail building. Voters in Precinct 1 who wish may attend the convention.

No notice of precinct conventions was posted by the Republican Party in Randall County as provided by the election code, therefore the county will not be eligible to send delegates to the state convention, according to Steele.

Steele said he did not know if a convention will be held in Precinct 13.

## Candidate

L. H. BORGER

## Amarillo Man Asks for Office

L. H. Borger has authorized the Canyon News to announce his candidacy for the office of County Commissioner, Precinct 4. His statement is:

"I have lived in the Panhandle of Texas for 32 years and at my present address of 3611 Parker for the past 10 years.

"During my 32 years of married life, my wife and I have raised three children, two of which are married and have families of their own. Our youngest son is a senior in Amarillo High School.

"For the past 28 years I have been employed by the Santa Fe Railroad as a switchman. I am a member of the Brotherhood of Railroad Trainmen and attend the Central Church of Christ, of which I am a member."

## Redlegs Defeat LL Braves, 13-1

In Little League action Thursday night, the Redlegs defeated the Braves, 13-1, in the major league game, and the minor league Redlegs won, 21-7.

Steve Burgess allowed three hits and struck out 13 batters to get his 13-1 win. Don Howard was the winning pitcher in the minor league game.

The Dodgers scored nine runs in the third inning and seven more in the fourth to win, 16-10, over the Redlegs July 15. Jim Callarman was the winning pitcher. The Redlegs had scored seven runs on Dodger errors in the second.

The Redlegs won the minor league game, 7-3.

Saturday night's games between the Dodgers and the Yankees were rained out. All games for this week have been postponed because of the area playoffs in Pampa yesterday and today and the district tournament in Canyon July 25-26.

## Maybe in Houston; But Not in Randall

A South Amarillo resident who is attending school in Houston wrote County Clerk Tom Lair asking for an absentee ballot for the Randall County Republican Primary.

And all Lair could do was to write back and say his office had no information about such an election. The election code provides that if a political party polls 10,000 votes for governor in the last general election, the party may hold primaries in order to select candidates.

The letter to Lair was written on stationery from the law firm with which Thad Hutcheson, last winter's Republican candidate for the U. S. Senate, is associated. Probably Hutcheson's presence prompted the Randall County resident to write.

## 230 Absentee Ballots Given

A total of 230 absentee ballots had been issued by the Randall County Clerk's office by the middle of Tuesday afternoon. Absentee voting closed with the closing of the office yesterday afternoon.

In order to be counted in the election, absentee ballots mailed to voters had to be postmarked by midnight Tuesday night, and they must reach the clerk before the polls close Saturday.

County Clerk Tom Lair estimated that more than 250 absentee ballots will be given out before closing time.

Number 15

## Little League All-Stars Down Hereford, 7-5

Canyon's Little League All-Stars advanced to the second round of district playoffs Tuesday morning by dumping the Hereford team 7-5 in Pampa. Canyon's team will meet Dumas at 3:30 p. m. today in Pampa.

Dumas defeated Canadian Tuesday afternoon by a reported score of 9-2. The winner of the Canyon-Dumas game will enter the semifinals Friday in Canyon.

Bobby Evans led off for Canyon and knocked a fly to centerfield on the second pitch for the first out. Douglas Anthony got on base on an error by the Hereford shortstop and George McBride struck out for the second out.

Pitcher Steve Burgess knocked the 3-2 pitch outside the park to score Anthony and himself. Donald Breitling struck out for the third out.

In the bottom half, Hereford tied up the game, 2-2. Leadoff man Gabert got on with a single and second batter Baize hit a home run. Two strikeouts and a fly to Burgess retired the side.

In the second inning, Don Hawkins struck out, Marion Hicks hit a single, Eddie Poole hit a fly to first base and Hicks was caught off base.

Burgess allowed Hereford a two-base hit and a single in the bottom half of the second, but Moreno was caught off second base for the first out, Cain was thrown out at first and Gabert knocked a fly to the pitcher.

In the third Canyon drew ahead by one run, but Hereford played

catchup and the inning ended with the score 4-3 for Hereford.

In the top half, Anthony struck out, McBride was thrown out at first and Burgess got a base on balls. Breitling hit a single and the two were advanced when Hawkins got a base on balls. Hicks got on first on a pitcher's error, scoring Burgess.

Poole knocked a fly to right field to retire the side.

In the bottom half of the third, Baize hit a single, Smith got on and Duncan hit a two-bagger. Baize was picked off, but Smith

scored. Hastings knocked a fly to the pitcher and Conway got a one-bagger, scoring Duncan. Moreno knocked a fly to shortstop to put Hereford back in field.

The fourth inning was Canyon's glory. Four runs off two hits gave the team a 7-4 lead that Hereford couldn't catch.

Joel Richardson led off the inning with a two-bagger. He was followed by Evans with a base on balls and a single by Anthony. Richardson led off again with a walk, Evans knocked a fly to first, Anthony got on by a third-base

error, McBride knocked a fly to shortstop and Burgess got a one-bagger. Breitling retired the side on a fly.

Hereford went up and down, one-two-three, on a fly to left, fly to first and a pickoff from first to catcher.

In the sixth, Hawkins picked up a walk, but he died on base from three strikeouts. Hereford scored their fifth run when Moreno hit a double, and Cain hit a single.

Burgess struck out three batters, and Cates and McNelly struck out nine Canyon batters.

Canyon got seven runs off six hits and committed four errors. Hereford got five runs off nine hits and committed five errors.

The first game of the district playoffs in Canyon will be at 5 p. m. Friday in the Little League park. The second game will be at 8 p. m. Friday.

The final game of the series, which will select the district winner, will be at 8 p. m. Saturday.

The four managers of the Little League teams, joined later by other volunteers, worked Saturday afternoon to get the Little League park in shape for the district tournament here Friday and Saturday. The first game will be at 5 p. m. Friday.

## School Board Considers Budget That May Go Over Half-a-Million

Study of a budget that will probably be just over a half-million dollars was begun by the Canyon Independent School Board and a public hearing was set for August 19, the regular board meeting night.

The budget submitted to the board by Supt. Joe Gibson calls for receipts and expenditures of \$500,638. The proposed budget has not been approved yet.

Last year's budget was \$485,521, some \$15,117 below the estimate for the coming school year.

Major differences between this year's and last year's budget are hard to find in a comparison of the two because of a change in budget accounting required by the Texas Education Agency.

On the receipts side of the budget, the increased amount of money will come from two sources — a growth increase in local tax roll and a greater amount of money from the state because of increased population.

The school expects receipts of \$236,916 in local taxes against an estimate of \$226,836 last year. The local tax is a combination of the levy for local maintenance and for debt service, and totals \$1.50 per \$100 valuation. In preparing the budget, the school uses a figure

that represents a 90 per cent tax collection.

Increased enrollment will bring an additional \$5137 from the state Foundation and Permanent School funds.

The greatest amount of increase in the school's estimate of expenses for the coming year is in instructional costs. It is expected that instruction will cost \$320,482 next year as compared to \$299,500 for last year. The increased cost is caused, in part, by the new method of accounting which calls

items previously carried as administration or other expense last year "instructional expense."

Some of the increase in instructional expense is the annual increase in teacher's salaries, which

comes directly from the state Foundation fund but must be carried in the local budget.

Debt service will require an additional \$3340 this year. The annual requirement for debt service is \$47,340, but last year a small surplus in the debt service fund allowed the board to budget only \$44,000.

Any building program entered into by the school during the coming year would not affect the budget for the year.

The entire budget will be explained in detail at the public hearing, and copies will be available to patrons who attend the meeting. Following the hearing, the board will adopt the budget formally.

## Listings Sought For Housing List

Listings are being taken by the dean of men or the dean of women at West Texas State College for approved housing list for college students, which will be published Aug. 5.

Anyone wishing to furnish accommodations for students should call the office of the dean of men or the dean of women. Three types of listings are being made. They are apartments for married couples, rooms and apartments for unmarried men, and rooms and apartments for unmarried women.

In order for the listing for unmarried students to be approved, the apartment must be under the roof of the householder. The householder may keep either men or women, but not both, except in special cases where family situations make it possible. The dean of women must approve such an arrangement.

College officials will visit any new listings to get them on the approved list. Students may live in approvable situations, even if they are not on the published list, but inconvenience and delay will be saved if the accommodation is approved in advance.

## Chamber Group Talks to Rotary

Members of a chamber of commerce committee to study the form of government for Canyon reported to the Rotary Club Tuesday, explaining different forms. Mayor Charles Donnell also talked about the present city financial situation.

On the panel were Dr. Crannell Tolliver, Dr. Lowell Harrison, A. W. Lair, Bill Cherry and Bob Wear.

Mrs. Celeste Elliott and Mrs. Joyce Wheat of Glendale, Ariz., are visiting the R. B. Elliotts. Mrs. Elliott is Mr. Elliott's mother, and Mrs. Wheat is his sister.

## Buffalo Stomping Ground

Heavy machinery is taking care of the tedious job of moving dirt from this place to another to make the West Texas State Buffaloes a new stomping ground on the college farm. The fund drive for the WT stadium will be kicked off August 1.

## Slate Includes State, Locals

Polls will open in 15 Randall County voting precincts at 8 a. m. Saturday for the Democratic Party primary elections. They will close at 7 p. m.

On the ballots for the election will be national, state and county offices, and county and precinct party offices. The winners of the election will appear in the Democratic Party column on the general election ballot. The general election will be in November.

The offices, and candidates in the order they appear on the ballot, are:

**Governor:** Price Daniel, Henry B. Gonzalez, Joe A. Irwin and W. Lee O'Daniel.

**Lieutenant Governor,** George Nokes and Ben Ramsey.

**Attorney General,** Will Wilson.

**United States Senator,** Ralph W. Yarborough and Wm. A. Blakeley.

**Associate Justice of the Supreme Court, Place 1,** J. Edwin Smith, Wilmer B. Hunt and Robert W. Hamilton.

**Associate Justice of the Supreme Court, Place 2,** Frank P. Culver.

**Associate Justice of the Supreme Court, Place 3,** Ruel C. Walker.

**Associate Justice of the Supreme Court, Place 4** unexpired term, Sarah T. Hughes and Joe Greenhill.

**Judge, Court of Criminal Appeals,** Kenneth K. Woodley.

**Railroad Commission,** Olin Culbertson.

**Comptroller of Public Accounts,** Robert S. Calvert.

**State Treasurer,** Jesse James.

**Commissioner of General Land Office,** Bill Allcorn and L. J. (Lil) Dimmitt.

**Commissioner of Agriculture,** Tom Griffin, John C. White and Glenn H. Kothmann.

**Associate Justice, Court of Civil Appeals, 7th Supreme Judicial District,** E. O. Northcutt.

**Representative, 18th Congressional District,** Walter Rogers.

**Judge, 47th District Court,** E. E. Jordan.

**State Representative, District 94,** F. Ted B. Springer and Granville W. Jones.

**Criminal District Attorney,** A. W. Lair.

**County Judge and Ex-Officio County School Superintendent,** Burney Slack and Roy Joe Stevens.

**County Treasurer,** Mrs. Ruth A. (Adcock) Hill and Mrs. Rae M. Walters.

**County Clerk,** Roy N. Byrd Sr. and T. H. (Tommy) Lair.

**District Court Clerk,** Mrs. Mavis Hill.

**County Surveyor,** John Dorsey and Frank G. Harrison.

**Justice of the Peace, Precinct 1,** Carl Anderson.

**Justice of the Peace, Precinct 4,** Mrs. W. J. Flesher.

**Commissioner, Precinct 2,** Joe Wieck and Clarence Beckman.

**Commissioner, Precinct 4,** Chas. Y. Johnson, Calvin Casey and L. H. Borger.

**Chairman, Democratic Executive Committee,** Bob Trowbridge.

**Democratic Chairman, Precinct 1,** Luther G. Hagard Jr.

**Precinct 2,** Edgar Robinson.

**Precinct 3,** R. B. Gist Jr.

**Precinct 6,** H. W. Burrus.

**Precinct 9,** Mildred C. Miner.

**Precinct 10,** Tom G. Bundy.

**Precinct 11,** J. Robert Poole.

**Precinct 12,** William Q. Boyce.

**Precinct 13,** David R. Matthis.

**Precinct 14,** A. C. Wilson.

**Precinct 15,** Lindy Ward.

Only those voters in Commission Precincts 2 and 4 will vote on the commissioners races. Ballots for other precincts will not include

those names. The same will hold true for the two justices of the peace.

Precinct chairmen will be voted on in each voting precinct. Those precincts which have not candidates filed will fill the office through write-in votes. A space is provided on the ballot in those precincts.

Voters should mark out the name of the person they do not wish to vote for in each race, and should leave unmarked the name of their choice.

## Thunderstorms Bring .84 Rain

Three ripping thunderstorms during the past week gave .84 of an inch of moisture to Canyon. The thunderstorms came during the night, and were accompanied by heavy winds. Totals received were .41 of an inch Saturday night, .27 of an inch Sunday night and .16 of an inch Monday night.

Founded by Mrs. R. W. Morgan in 1896

## Britain's Socialized Medicine

Last week we saw the best argument we've ever seen against the actions of the segment of our population that keeps demanding more service from government.

The argument was a simple news story telling about Great Britain's National Health Service, now 10 years old. Britain has socialized medicine. Everyone can go to the doctor at any time, and the government pays for it.

The first part of the argument is this: If the British didn't have socialized medicine, their income tax could be cut from a basic 42½ per cent to 27½ per cent.

Socialized medicine in Britain costs 3.7 per cent of the national income. The estimate for the first year's operation in 1948 was 170 million pounds. It actually cost 360 million pounds—and that's something over a billion dollars. This year, the cost of the socialization is expected to reach something more than two billion dollars, and is expected to double by 1968.

This is in a nation with 48 million people taking part in the socialized plan. Think what it would cost in a nation of 170 million people.

The plan works this way. There are about 23,000 doctors. Each is permitted a maximum of 3500 patients, but most have fewer than 2200. A doctor gets \$2.45 per patient per year. In addition, there are 3000 hospitals, 18,000 pharmacists, 32,000 clerks and administrators, 255,000 nurses and a small army of dentists, opticians and specialists in hearing aids.

Each employed man pays 26 cents a week. This is the maximum he pays, regardless of the number of children he has. It is figured that the assessment is about one-seventh of the cost.

The thing almost got away from them. At first, everything was free. But each government has had to add on charges to stem the flow of money away from the treasury. At first all prescriptions were free. But the hypochondriacs flooded the socialized medicine system and now a charge is made.

Nowadays, a patient must pay half the

cost of false teeth—yet the government is still paying \$16,800,000 a year for its share of the dentures.

And what is the result? Most people believe it has led to an improvement in health in Britain.

But the load on doctors is so great that the physicians feel the patient-doctor relationship is suffering. The doctors think maybe the maximum number of patients should be lowered and the pay-per-patient raised. They think that 2000 patients should be the maximum.

Just think what something like that would cost here. It surely would cost at the same rate as in Britain—and could you stand a 15 per cent rise in your income tax? We couldn't.

## A Striking Contrast

Claude, 28 miles from Amarillo and 46 miles from Pampa, has found a good neighbor in Pampa—quite a different neighbor than many a town finds in the "friendly city," Amarillo.

Contrast this story from the *Claude News* with stories you have read in the Amarillo papers, especially those stories which deal with the relationship of Amarillo and its closeby neighboring towns.

"The Pampa City Commission is generously donating the use of their fogging machine to the residents of Claude this coming Saturday, July 19th.

"The mosquito problem has become so acute that a volunteer committee of Bill Dunn, the Rev. J. J. Allison, Judge Carl Wood, Mayor Donald Bagwell and others decided to do something about it.

"E. O. Wedgeworth, manager of the Pampa Chamber of Commerce, was contacted and arrangements were made with the city manager, John Cunce, to send the fogging machine to Claude this coming Saturday, at which time all the streets and alleys will get a thorough drenching.

"A combination of malathion and DDT, using diesel fuel as a carrier, will be used to fog the town. Housewives are advised to watch for the machine as they may wish to close their windows and doors or remove clothes from the line before it goes by.

"The only charge made for the spraying will be for the labor of the two men who run the truck plus actual cost of the chemicals.

"A sincere vote of thanks is due the good people of Pampa and more especially E. O. Wedgeworth, manager of the Pampa Chamber of Commerce and the City Manager, John Cunce.

"The cost of the labor and materials is being donated from the Murphy Funeral Home Ambulance as suggested by Bill Dunn. Mr. Dunn and John Knierim operate the ambulance and place all revenue made from its operation into a fund that is used for public service only. These men are to be congratulated for their efforts that are two fold—service to the public by having an ambulance near at hand and placing the revenue derived from such source at the disposal of several good community causes.

"The Murphy Funeral Home of Clarendon furnishes the ambulance free of charge and pays all operating expenses, letting the revenue derived from its use stay in Claude."

Quite a contrast from the Amarillo type stories, isn't it?

I GIVE YOU  
TEXAS  
By  
BOYCE HOUSE

Signs of the times in New York: One sign said, "Join the Y.W.C.A." I tried — but they wouldn't let me.

Saw an establishment with a big sign, "Ho-Ho" so I said, "This should be a good place for laughs," entered — and found myself in a Chinese restaurant.

A sign at the entrance to Herald Square reads: "No bicycle riding, no roller skating, no ball playing, no dogs at large, no peddling." In short, mama don't allow no

piano-playin' 'round here.

An apartment house near Broadway displayed a sign, "Vacancy" — which was hardly surprising as the first floor was occupied by a school for drummers.

"Vacation to suit your personality" a sign proclaimed. I was afraid to apply.

A jewelry shop on Fifth Avenue had a card reading, "Merchandise displayed in this window at night are dummies." It is?

A snack bar displayed a sign, "Hero Sandwich." If you eat one, you are.

And seen at a distance of a block — a sign on a theater, "At last, a hit!" But I found the show-house closed and a sign on the door, "Refunds at Belasco Theater." Truly, there's no business like show business — heartaches as well as glory.

Just a few signs seen in New York.

## What Our Neighbors Say...

## Scissor Snippings

Harold Hudson in the Ochiltree County Herald: Plenty of people think the planning of future expansion of Perryton is way off base. They find it impossible to envision our growing to 10,000 population in a couple of years, and having 20,000 within ten years.

Maybe so. But every available economic index shows that Perryton will grow rapidly, and we personally think the figures are conservative. The economy is built on proven oil and gas fields, with the development hardly scratched. The farm land around Perryton is rich and deep and fertile, and our agriculture production has always been among the best to be found anywhere.

Then, too, Perryton enjoys the advantage of geographic isolation from larger cities. It is a good drive in any direction to the so-called "city" shopping markets. Because of this distance, Perryton's retail and industrial areas can be expected to grow.

We think we will see the need for another elementary school within three or four years, if the

present bond issue passes. (The \$1,750,000 school bond issue passed Saturday. The Editor) If things develop faster than indicated, we may have to build sooner.

★ ★ ★

"Jane" n the Canadian Record:

A fashion news story in the Sunday paper last week informed the eager public that the words sack and chemise are things of the past in describing the new fall fashions. The look will still be there, but it will have various other names, none of which will be chemise. (Loose sheath, "empire" and "Josephine" and pyramid) will be familiar terms. No matter what they are called, however, they will still recall to me this lament I heard from one man: "I'm a little worried about my wife — I bought her a new sack dress today, and it fits her!"

★ ★ ★

Jimmie Gillentine in the Hereford Brand: Lions Club members are whooping it up about their annual carnival, slated to open Saturday night at the Bull Barn. I am trying to get them to put

Lavina Hodges, the Meter Maid, on the dunking board — but I think they are all afraid to ask her. She is a mighty nice gal, but, somehow or other, a lot of people would like to have a chance to get her on that dunking board. I might even spend a dime or two myself. Besides, even if you didn't sink her, it goes for a good cause.

★ ★ ★

Douglas Meador in the Matador Tribune: One of my reasons for not taking up golf is that I prefer to do my loafing in the shade and with minimum amount of exercise.

★ ★ ★

Paul Crume in the Dallas Morning News: While back, the public library people suddenly changed the location of the mystery novel shelf in the bookmobile. Non-fiction books were put where the whodunits had been.

The other day an Oak Cliff woman patron showed up with a book she wanted to return. It was titled "The Dead Sea Scrolls." Said she, enthusiastically: "It's the best mystery book I ever read."

### Amity Club Meets With Mrs. Lowry

The Amity Club met Friday with Mrs. R. D. Lowry with Mrs. S. L. Terry and Mrs. G. B. Combs as co-hostesses.

Roll call was answered by talks on vacations taken. A short story, entitled, "Whatever You're Doing, Stop It," was read by Mrs. Lowry. Photographs of the past were viewed and discussed, and the group sang several songs.

Refreshments of potato chips, cheezits, cake, ice cream and tea were served to two visitors, Mrs. Fred Marshall and Mrs. John Burgess, and members Mrs. W. T. Davis, Mrs. Mary Burtz, Mrs. T. T. Fain, Mrs. R. E. Hill, Mrs. J. H. Wright and Mrs. Pennie Cox.

### NEW MEXICO A&M GRADUATE

Leta H. Guild of Canyon is a candidate for a degree to be conferred by New Mexico A&M College at summer commencement exercises Aug. 2.

The daughter of George Hill of Canyon, she is a candidate for the degree of Master of Arts. Her major is teacher education.

By VERN SANFORD

One of the most thrilling sights I've ever seen on the water is the shrimp boats coming in. Recently at Port Aransas I watched these trawls, one after another, moving slowly but majestically through the pass to make their way in or out between the bay waters and the gulf.

As each loaded boat moved through the pass it was followed by literally thousands of gulls. They have learned they can pick up the dead shrimp being knocked off the boats. They are an enthusiastic welcoming committee.

Hundreds of these boats work through the Aransas Pass in season, and the season is when shrimping is good. Otherwise they are tied to moorings, or docked in the basin at Aransas Pass or some other Texas port. You might wonder what this has

to do with an outdoors column. It has plenty to do, because shrimping, in one form or another, has so much to do with our whole coastal fishing program.

Naturally shrimping is a major commercial operation on the Texas coast, from Port Arthur to Brownsville. Shrimp, likewise, is one of the principal baits to be found on the coast.

Admittedly not too much is known for sure about the shrimp, except that they are getting in shorter supply every year. There are many reasons for this, and these reasons all affect the salt water fisherman. "Take the shrimp out of our Texas bays and we no longer have trout, red fish and many others that we now take on rod and reel."

Take the shrimp out and commercial netting also is shot, in the coastal waters, and millions will not have fish for their tables.

I know practically nothing about shrimping, but there are many others who have lived on the coast all their lives who'll also admit there is still a great deal to be learned. Even the men in the shrimping business admit they are in the dark about many of the fundamental problems affecting the shrimp increment or its disappearance.

These men in the industry also are in violent disagreement over some aspects. A few of them would close shrimping in bay waters for a year. Others think the bay waters should be closed from January to July. They point out that the big shrimp caught during the months of January, February and March contain thousands of eggs. They apparently are on their way to inshore waters to breed. When they are caught they are removed from productivity and the shrimp population decreases.

There are laws now limiting the size of trawls and the size of shrimp, and also the amount in possession in some areas. They are more or less a hodgepodge, depending on what local legislation might be passed under pressure.

One of the problems on the Texas coast now is the taking of too many shrimp that are too small. The law provides that the count must not be more than 65 to the pound, yet there are thousands of pounds of smaller shrimp being taken. Packers are having to buy these small shrimp under protest. They say if they don't buy what the fisherman brings in, he'll go elsewhere with the desirable catch. As a result thousands of pounds of these small shrimp are being processed daily and canned for the commercial market.

It is generally agreed that the shrimp catch has gone up in the last few years because there are more fishing units. We are getting more shrimp from the Mexican waters. But it also is agreed that unless something can be done to protect our inshore waters from losing all the small shrimp, our inshore fish will be out of food.

We'd all lose and lose heavily under those circumstances. And speaking of fishing with shrimp, I recently had a wonderful trip to Port Aransas. The Boatman's Association there entertained a group of outdoor writers with a fishing trip. The weather was very bad so we didn't get into much water.

We did our fishing with shrimp in the bay waters and several of the boys came away with a nice mess of speckled trout.

I can recommend speckled trout fishing for anyone. In the first place, it is a comparatively easy fishing trip. There are ample accommodations along the Texas

### Wayside News

Rev. D. L. Hunt filled his regular appointment last Sunday and was a dinner guest in the Henry Hamblen home.

Mr. and Mrs. Joyce Lane were Lubbock callers last week. They went to see the house they are having built and will have moved to Wayside.

Mr. and Mrs. Floyd Adams have a new Chevrolet car.

Neta Re Parker of Tucumcari, N. M., is visiting her aunt and uncle, Mr. and Mrs. J. O. Parker, this summer. She visited Ellen Browdon Friday.

Mr. and Mrs. Van Martin of Flo-mont are visiting their son and family, the Donnie Martins.

Mrs. George Hancock is visiting her mother, Mrs. Bessie Lane. Mrs. Hancock lives in Pampa.

Mr. and Mrs. M. E. Counterman of Happy were supper guests in the W. R. Franklin home Friday evening. Others calling in the Franklin home were Mrs. Kotton McGehee, Mrs. Bonnie Slender, Margaret and Dale, and Mrs. Evelyn Blair, Lillian and Willarene, all of Happy.

Mrs. H. C. Newsom and Loraine were Tulsa callers Wednesday.

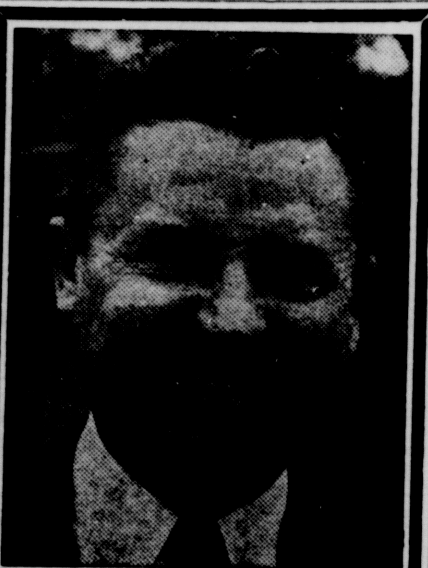

Mr. and Mrs. Charles Kennedy, Robert and Richard, and Mrs. Ken-

coast. You can fish in the bay waters either wading, off the jetties or piers, or from boats. Many Texans now are trailing their outboards to the coast and finding excellent sport fishing.

Another thing, you don't have to buy more tackle. You can fish for trout with your bass equipment. Furthermore you can use either shrimp or lures. Most of those who go to the coast for the first time like to free-shrimp. They use a small treble hook. Just back of the eye on the shrimp's head is a black or brown spot. This is the toughest part of the shrimp. Put your hook through the shrimp head at this point, cast it into the water and let it run free. Chances are, if you set your hook in time, you'll come in with a trout.

These trout also are called weakfish, because the mouth is very tender. Don't jerk the hook out of its mouth. Work it in easily.

Of course there are many other angles to successful trout fishing, like being able to locate their movement, either from watching them move about in the water, or watching the gulls feed. But you can learn about coastal fishing in a short time, and you'll never learn it all as long as you live.

### Re-Elect Ralph YARBOROUGH

Re-elect  
**MRS. RUTH A. HILL**  
COUNTY  
TREASURER  
of  
RANDALL COUNTY

To the voters of Randall County:

It is obvious that I may fail to see each of you between now and Election Day, though I am trying to see as many of you as possible, should I fail to contact you, due to my duties at the office, and the fact that Randall County now has such a vast voting public, I would like to take this means as an earnest solicitation of your vote and support in the coming Primary of July 26.

I know that I have made a clean record in this office, having devoted my full time to the duties thereof and do not have a business or source of income other than from the office for which I seek. Therefore, if I am re-elected as your County Treasurer, I shall continue to serve you in the same courteous and efficient manner as I have in the past, and will strive to make an even better County Official if possible.

May I thank you for your support and wonderful cooperation given me in the past and may I again urge you to go to the polls and vote July 26. (Pd Pol. Adv.)

## New Concessions Stand

Work is going on as fast as possible to complete the new concessions stand for the Babe Ruth and Little League ball parks so that it can be in use before the district Little League tournament here Friday and Saturday. Built by volunteer labor, the stand will have public toilet facilities.

## College Presidents To Look Over TEA Plan for Curriculum Study

Dr. James P. Cornette, president of West Texas State College, will attend a meeting Friday in Austin

of the state's college and university presidents with the State Board of Education.

The meeting, called by J. W. Edgar, commissioner of education, will be to plan participation by institutions of higher learning in local curriculum studies among public schools to be conducted during the 1958-59 school year.

Among items to be discussed are the new high school graduation requirements and how they may affect college entrance requirements, and the work of 11 commissions presently studying the school curriculum.

Other points to be discussed are the relationship of the statewide program of curriculum study to programs of teacher education, possible follow-up action or further study, and "consideration of ways to develop better articulation between the high school and college programs."

Besides college presidents and chairmen of the 11 commissions, also meeting will be representatives of the State Commission on Higher Education, the Association of Texas Colleges, the Legislative Budget Board, the Texas Association of School Administrators, the Executive Budget Office, Texas Association of Secondary Principals, and Texas State Teachers Association.

The study commissions were named for each of the 10 subject matter fields in public schools and one for educational guidance. These groups will review the public school curriculum from grades 1 through 12.

While the state commissions conduct their programs, local curriculum studies in most of the public school systems of the state will be conducted. These studies will be coordinated by the Texas Association of School Administrators in cooperation with colleges, universities and the State Department of Education.

New graduation requirements for accredited high schools include

16 units, to include 3 units (years) of English, 2 1/2 units of social studies, 2 units of mathematics, and 2 units of laboratory science.

**NEWS LETTER**

FROM CONGRESSMAN WALTER ROGERS  
OF THE 18TH CONGRESSIONAL DISTRICT

**Atomic Research and Development**  
It looked for awhile as though many state universities and schools would not be permitted to participate in atomic energy research and development. This was due to some provisions contained in the Atomic Energy Act of 1954, as amended in 1957.

The Act requires the proper licensing of those organizations desiring to operate a nuclear reactor. The Amendment of 1957 provided, in effect, that an organization could not get a license unless it met certain requirements with regard to waiving any immunity from liability it might have as a state, and to meet certain other requirements in the nature of indemnity agreements, and the purchase and maintaining of liability insurance.

All of this was intended to protect the public, and interested parties and organizations were so advised. However, the states, state universities and other state schools probably did not realize the situation in which they would be placed. The University of the State of Texas would be barred from operating a nuclear reactor. This was because the Constitution of the State of Texas in Article 3, Section 50, provides as follows:

"The Legislature shall have no power to give or to lend, or to authorize the giving or lending, of the credit of the State in aid of, or to any person, association or corporation, whether municipal or other, or to pledge the credit of the State in any manner whatsoever, for the payment of the liabilities, present or prospective, of any individual, association of individuals, municipal or other corporations whatsoever."

This meant that if the University of Texas and other state schools in many other states in this country were to be able to operate nuclear reactors and engage in research and development in the atomic energy field, something had to be done. Either the state constitutions and statutory laws had to be changed or the federal law had to be changed.

To change the state constitutions and laws, in order to meet these licensing requirements, could and probably would open a virtual Pandora's Box of confusion and trouble in many other activities of the states.

Such action would also add to further encroachment by the federal government toward tearing down state constitutions and laws, a practice to which I am violently opposed. Under the circumstances several of us, who realized the tremendous contributions that can be made in the research and development programs in the atomic energy field, proposed an amendment to the law which would exempt non-profit educational institutions under certain circumstances from these burdensome requirements.

These bills were introduced by four Members of the House of Representatives — Congressman Melvin Price of Illinois, who is a Member of the Joint Committee on Atomic Energy, myself, and Congressmen Moulder of Missouri and Matthews of Florida. Although we are in the late days of this session, it is my feeling that these bills will pass both the House and Senate and be signed by the President.

**The Unsolved Problem**  
The age-old, but never solved, problem is the old age problem. True, great strides have been made during recent years toward partial solution; however, we are still a long way from the proper answer.

**YARBOROUGH**

on television  
KGNC-TV Channel 4  
July 11 - 18 - 25  
8:45 p. m.  
(Pd. Pol. Adv.)

Summer is truly at its peak. Suntans are a deep bronze. Motor boats and backyard grills have lost the forlorn look of winter neglect. Lawns and flower beds are spick and span. It's the season when everyone stops on the mountain-top of leisure to enjoy the view.

"Summer has hardly come, yet it's almost over," observes a neighbor as he leans on the handle of his power mower.

"I hate to think the children will go back to school so soon," sighs his wife. "I'm lonesome when they're gone!"

In the shade of the apricot tree, a crested cardinal and his wife give two fledglings a lesson in scratching for food. They chatter noisily as they peck at insects and pass them to the beaks of awkward babes.

We love the summer pause. Families have a chance to get acquainted again, neighbors to chat, and relatives to remember they belong to a clan quite apart from church and service club. Children, who live like little robots most of the year, relax and wiggle their toes, just for the joy of wiggling; or watch busy ants pack in their winter food supply.

We've heard talk of year-round school, to offset teacher shortages and crowded classrooms. We'd hate to see this happen. Efficient, no doubt, but not much fun. The annual pleasure of finishing and beginning again would be lost; so would the chance to 'just be.' Summer's heat bespeaks a change of pace; Americans need to heed it. Never fear, come September they'll once more shoulder the troubled world and hustle on down the road.

In other words, they are wholly disregarding the basic property laws of many of the states and thereby resolving any doubt against a mentally or physically disabled child in order to deny contributions that were intended to go to the child. How crazy can you get?

I wish I had the space to tell you more about this situation. I can tell you that I intend to try to do something about it.

**Visitors**  
I tried to contact the Rev. and Mrs. H. Doyle Ragle and their family, as well as Mrs. Charles Wilkinson, all of Canyon, who were in Washington over the July 4 weekend attending the Methodist

Conference on Evangelism. I regret not seeing them, and I am sure their visit to Washington must have been a rewarding one.

**IMPERIAL CHEVROLET**

By VERN SANFORD  
Texas Press Association

Focus of interest in Texas this week is not on the State Capitol. It's all over Texas, in a school building or a fire station or a church house — wherever a man stands in a little pasteboard booth with a piece of paper and a blunt pencil.

In the booth is a man who looks like an average, unimportant sort of guy. Chances are he's not very

rich, not very interested in politics, as a rule. But John Q. Poll-Tax-Payer is the most important man in Texas this week. With a few strokes of his pencil Saturday, he'll decide who'll be who in Texas for the next two years or more.

When John Q. glances down the ballot, he may see a number of names he's never heard of. He'll pause, scratch his head, wonder which name "sounds best," finally shrug, make a mark and go on.

Such a possibility gives office-seekers the cold shakes. For fear their names may yet be unknown to some, they'll try to be everywhere at once this week.

In addition, a lot of people will be pleading with John Q. to come back to the polling place Saturday evening for his Democratic precinct convention. Gov. Price Daniel, supported by moderate-conservative party officials, is asking him to come and vote for "majority." Opposing the governor are the liberal Democrats of Texas who want John to join their drive to assure that "only real Democrats shall participate in Democratic party affairs."

Nobody can positively predict what John will do. Past records show that some years he feels liberal; some years, conservative. And some years, both ways at the same time.

**OIL QUOTA UP AGAIN**  
Texas oil allowances for August will be 328,185 barrels daily. Number of producing days will be in-

creased from 9 to 11. Last month production rose from its all time low of 8 days.

Reason for the increase was not so much the disturbance in the oil-producing Middle East, said one commissioner, as the fact that Texas had finally reduced its excess oil stocks to correct levels.

**INSURANCE BOARD UPHELD**  
State Insurance Board finally scored a technical knock-out in its prolonged bout with an Austin district judge.

Texas Supreme Court ruled that Charles O. Betts did not have authority to name V. F. Taylor receiver for insurance cases in his court. High court says the receiver must be the state liquidator appointed by the Insurance Board. Board had appointed C. H. Lang-deau as state liquidator. Judge Betts said he did not regard Lang-deau as acceptable. He named Taylor receiver for cases in his court.

Supreme Court also ruled void Betts' action in raising salaries of liquidation attorneys working on cases in his court.

Division of authority between the courts and Insurance Department over insurance company liquidation has been a source of dissension for years.

**50-50 PLAN**  
State Highway Department will reimburse cities and counties half the cost of securing land for state and U. S. highway building.

Up until last year cost of obtaining right of way were borne solely by local governments. Last Legislature passed a law authorizing the state to share the cost 50-50 with cities and counties.

At first this was construed to mean the state would pay half the cost of purchasing the land. Now it has been expanded to include half of court costs and appraisers' fees.

**MORE PRISON COTTON**  
An increase of 10.88 per cent has been ordered in the Texas Prison System's cotton acreage allotment.

Officials of the Texas system had been actively dissatisfied, contending the prison farms had been dealt a bigger-than-average cut. Less production means less money for operating the prisons, they pointed out, and hence, greater cost to Texas taxpayers.

On behalf, the Texas Attorney General's Department appealed to the Agriculture Stabilization Committee and, finally to federal court. Adjustment obtained will mean 384 more acres of prison cotton can be harvested. It'll save \$100,000 in tax money, prison officials estimate.

**CITY TAX PROPOSALS**  
City officials are laying plans to ask the next Legislature to extend and adjust city taxing powers. Legislative committee of the League of Texas Municipalities has drawn up a two-pronged proposal to:

1. Allow cities to broaden their tax base and lighten the burden on property owners.
2. Substitute another tax to be collected at time of auto registration for the present "unworkable" property tax on cars.

**SCHOOL FUND FIGHT**

A rough-and-tumble time can be expected next year when lawmakers consider just how permanent the permanent school fund should be.

Rep. Louis Dugas of Orange has announced he will introduce a bill which would allow the state to use part of the revenue from school lands for current expenses instead of putting it all into the permanent fund.

Dugas was author of a bill last session to divert 1 per cent of the permanent fund each year to the available fund.

State School Board and numerous other school officials have

## Hildreth Stresses Vitamin C in Diet

Are mothers risking their family's health by not providing foods to meet their nutritional needs each day?

Food is essential, says Mrs. Mona K. Hildreth, Randall County home demonstration agent. She stressed the importance of keeping this in mind while planning a family budget.

"Vitamin C, the essential vitamin needed every day, is short in many diets," Mrs. Hildreth said. "Foods and nutrition specialists report that the recent foods and nutrition survey conducted in 12 counties in Texas showed that one-fourth or more of the diets were low in vitamin C."

Rich sources of vitamin C are cantaloupes, many leafy green vegetables and fresh, canned or frozen citrus fruits. Vitamin C is the most fragile of vitamins and is easily destroyed by exposure to air or solubility in water.

Mrs. Hildreth also released the estimated cost of one week's food computed in low cost, moderate cost and liberal food plans.

"These costs are reported in the current issue of Family Economics Review, prepared by the Institute of Home Economics and Agricultural Research Service of the United States Department of Agriculture. They were adjusted to current levels by use of Average Retail Prices of Food released by the Bureau of Labor Statistics," she said.

Individual	Low	Moderate	Cost	Cost	Liberal
Children under					
1 year	3.25	4.00	4.25		
1-3 years	3.75	4.75	5.25		
4-6 years	4.25	5.75	6.75

Girls, 10-12 years	6.00	8.00	9.25		
13-15 years	6.50	8.75	10.00		
16-20 years	6.75	9.00	10.25		
Boys, 10-12 years	6.25	8.50	9.50		
13-15 years	7.25	10.00	11.25		
16-20 years	8.75	11.75	13.25		
Women, 21-34	5.75	7.75	8.75		

come out strongly against all moves to tap the schools' multi-million-dollar endowment. They compare it to "eating the seed corn."

**REPORT ON 'RAINY DAYS'**  
Texas Employment Commission's report for the first half of this year showed that 185,000 Texans received jobless benefits.

Payments totaled \$38,164,378 for this period.

Average claimant was eligible for 19.8 weeks of assistance, but drew only 12.7 weeks. "This proves that unemployment compensation serves as a rainy day tideover between jobs," commented TEC chairman Maurice Acers, "and not as a prolonged dole."

Unemployment picture was still "rainy" in TEC's latest weekly report. Total of 74,734 persons, more than twice as many as a year ago, were receiving benefits.

### NEW METHOD

"What are you doing, darling?" asked the man.

"Balancing my check book," replied the industrial wife.

"How do you do that, when you don't even number your checks?" asked the dubious husband.

"Well," replied the cheerful mate, "I try to remember the different checks I wrote while shopping, then I add forty dollars and call it present balance."

### WELCOME ALASKA

Now that everyone else seems to have had his say about Alaska, I wonder if I can put my two cents worth in. Let's start with some facts on what Alaska has that Texas doesn't have. Well, it has about 205,000 people who are among the most talkative people in the whole world. Last year, for example, Alaskans made 630 telephone calls per person while us folks this side of Seattle made an average of 426 telephone calls per person. Alaska seems long on young folks too, according to my source of information the average age in Alaska is 22.3 years.

Now what about the things Alaska doesn't have that we do. Well, I'll betcha we got more Cadillacs, more cows, and more insurance companies in Texas than Alaska will ever have. And I think I could go on all day about things we have that Alaska doesn't. So, Alaska, you can have the title of being the biggest state in the Union, Texas still has the reputation of being the best.

### TIP FOR BUSINESSMEN

Ever try answering your out-of-town mail with long distance calls instead of letters?

Nothing can beat long distance when it comes to getting things done.

Just the other day, for example, I had three or four letters on my desk, all waiting to be answered. I just couldn't seem to get to them. Finally, I picked up the telephone and called the people. In 20 minutes I was through. I must have saved myself at least an hour's work.

Try doing it that way yourself. When you do, I think you'll like the quick action you get — as well as the small amount it costs.

### DRESS UP YOUR KITCHEN

A lot of people who have remodeled their kitchen add a finishing touch by ordering a wall telephone in color to blend with the new color scheme.

You don't have to remodel, of course... a wall telephone in color will brighten your present kitchen — let you reach for the telephone and bake a cake at the same time.

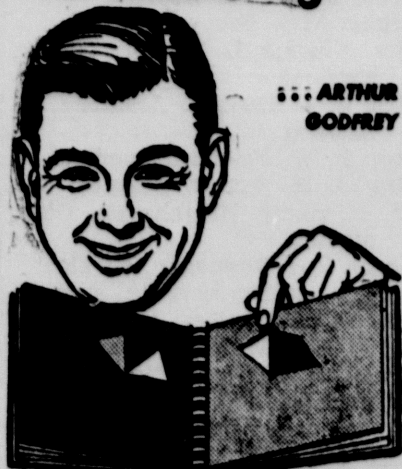

There are seven attractive colors... light gray, cherry red, white, moss green, ivory, pastel yellow and light beige. Table model telephones are available in all these colors, too, plus aqua blue and rose pink. Call the telephone company today to put more color in your kitchen — or any other room in your home.

Call by number. It's twice as fast.

**SOUTHWESTERN BELL TELEPHONE COMPANY**

## Eagle and His Mother

Larry Brotherton pins a corsage on his mother, Mrs. L. H. Brotherton, in ceremonies that made him an Eagle Scout at Troop 66 Court of Honor Friday night. Mrs. Brotherton completed the exchange by pinning her son's Eagle badge on him.

Visiting in the O. A. Smith home have been Dr. and Mrs. Lowell Smith, Randy and Patty, of Norfolk, Va.; Mr. and Mrs. F. C. Nichols, Rondal and Cheryl of Lemon Grove, Calif.; Mr. and Mrs. J. W. Cox, Stanley and Carolyn, of Roswell, N. M.; and Mr. and Mrs. Melvin Smith and Robin of Amarillo.

Guests in the A. B. Berry home over the week end were the Berry's daughter, Mrs. Richard Hefley, and sons of Gruver.

Two members of the Canyon Volunteer Fire Department are attending fire school at Texas A&M. They are Alfred Daniel and Bill Counsellor.

## Mayor's Soap Box

(The opinions reflected herein are not necessarily those of the other two commissioners).

From all the friends I am losing, it looks like I will have to start trading in Amarillo.

## Reading Meeting Begins Tuesday

Sixth annual Reading Conference, sponsored by the Texas Association for the Improvement of Reading and the West Texas State College education department, opens here Tuesday and continues through Thursday. More than 400 West Texas teachers and school leaders are expected.

Sessions will be held in the Administration Building auditorium, with registration slated Tuesday to start at 7:30 a. m. First general assembly will be at 8:45 a. m., with Bob Wear, minister of the Canyon Central Church of Christ, giving the invocation. WT President James P. Cornette will welcome visitors.

Speaking daily will be Dr. Roy A. Kress Jr., director of the Shady Brook Schools, Inc., of Richardson, Texas; Dr. Dora V. Smith, professor of education at the University of Minnesota; and Dr. Matilda Bailey, professor of English at Slippery Rock State Teachers College in Pennsylvania.

The speakers and their topics Tuesday will be Dr. Kress, "To Read is to Think," Dr. Bailey, "Reading, a Twelve Year Program," and Dr. Smith, "The Relation of Reading to Every Subject."

On Wednesday, they will speak on "All Good Teaching is Diagnostic," "Fostering Personal Development through Literature," and "Poetry and Living."

State officers of T.A.I.R. will attend the conference and preside at its sessions. They are Mrs. Edna Miller of Corpus Christi, president, Bennett Cooksey of Longview, vice president, and W. E. Dobbs of Corpus Christi, secretary-treasurer.

Opening day, Tuesday, has been designated Administrators' Day, when school officials will be honored, and Wednesday has been named Parents' Day.

Local program committee, which planned this year's conference, includes Mrs. Alta Lane of Pampa, Dr. V. V. Kniseley of Amarillo, Mrs. Bernice Railsback of Levelland, Gilbert Mize of Perryton, and Dr. Ruth Lowes, professor of education at WT.

Other committees include textbook exhibits, E. R. Reeves of Canyon; audio-visual aids, Mack White of Pampa, Mrs. Joseph Findley of Canyon, and Mrs. W. L. Smith of WT; library book display, Mrs. Nannette Padgett of Panhandle, Mrs. Linnie Harter of Canyon, Mrs. Edith Durham of Levelland, and Mrs. Mary Burk of WT.

The hospitality committee includes Mrs. R. B. Carnes of Plainview, Mrs. W. B. Harris and Mrs. E. R. Reeves of Canyon, and Dr. J. B. Roberts and Mrs. Mary Sligar of WT. An evaluation committee includes McHenry Lane of Pampa, Mrs. Daisy Childers of Canadian, Edwin Stokes of Whiteface, and Manuel Wortham of Henrietta, Okla.

Group leaders include, grades 1-3, Trula Maud Jetton of Lubbock and Mrs. Billy Key of Sundown; grades 4-6, Jim Wright of Perryton and Mrs. D. V. Biggers of Pampa; and junior and senior high school, O. W. Marcom of Levelland and Mrs. Ethleen Busch of Amarillo.

**WITH A SNAP OF THE FINGERS**  
The film producer was in a difficulty about the leading man for his new film.

"What about So-and-So?" he asked.  
"He's too caustic," said the studio manager.  
"Hang the expense," roared the producer. "Get him."

## Recent Bride

MR. AND MRS. GARLAND RUTHART

## Rachel Smith, Garland Ruthart Married in First Baptist Church

In a double ring ceremony at the First Baptist Church at 7:30 Friday night, Rachel Ann Smith, daughter of Mr. and Mrs. R. A. Smith, became the bride of Garland Edward Ruthart, son of Mr. and Mrs. Ralph Ruthart, all of Canyon.

Dr. Strauss Atkinson, pastor, read the vows before a choir rail draped with white pleated satin and centered with a white pedestal draped with pink satin. The pedestal was topped by a large urn filled with pink gladioli. Large floor standards filled with pink gladioli and cathedral style candelabra flanked the center arrangement.

A trio composed of Mayla Atkinson, Joy Gray, and Beverly Henson, all of Canyon, sang "The Lord's Prayer," and Harrell Slack of Shamrock sang "Indian Love Call" and "Through the Years." Mrs. Meade Humphries, Canyon, was organist.

Matron of honor was Mrs. Ray L. Graham of Las Cruces, N. M., sister of the bride, and Janet Taylor, Canyon, was bridesmaid. Both attendants wore identical dresses of butterfly pink silk chiffon. The fitted bodice was draped with a crushed sash which formed the

neckline and fell in the back to be caught in the hem in a bubble fashion.

Jack McCormick, Canyon was best man and Ken Kuykendall, Canyon, was groomsmen. Ushers were Troy Burrus of Albuquerque, N. M., Lynn Williams of Canyon, brothers-in-law of the bridegroom, Gerald Free and Arlen Ruthart, both of Canyon.

Given in marriage by her father, the bride wore a wedding gown of white satin and imported Chantilly lace fashioned with a high neckline embroidered with pearls and iridescent beads. The fitted bodice had long tight sleeves ending in points over the hands and a slender point at the center front waistline, accenting its smallness. From this stemmed a voluminous satin skirt with two lace panels flaring from waistline to hem at each side, joining the satin which swept into a long and graceful train at the back. The bridal veil of illusion net fell from a coronet of lace studded with seed pearls. The dress was worn by two of the groom's sisters and the coronet was worn by the bride's sister.

The bride's bouquet was a cascade arrangement of pink sweetheart roses tied with pink satin streamers tied in love knots. The mother of the bride wore a dress of mauve lace over cotton satin with matching accessories. Both wore corsages of white asters.

A reception followed in fellowship hall of the church. Assisting in the house party were Mrs. Lynn Williams, Mrs. Troy Burrus, Mrs. Cleo Smith, Mrs. Crawford Ruthart, Mrs. Floyd Brasher, Mrs. Murray Boston, Mrs. E. H. Wright, Mrs. W. R. Crow, Mayla Atkinson, Lynn Atkinson, Beverly Henson, Joy

## Ray Small Receives Doctorate at UT

Ray Small received his doctor of philosophy degree from the University of Texas recently.

The son of Mr. and Mrs. George Small of Canyon, he attended Canyon Grade and High Schools and received his B.A. and M.A. degrees from West Texas State College. He is a brother of Mrs. Marvin Fite.

During World War II, he served with the United States Navy. A lieutenant at the war's end, he was recently promoted to commander of the Naval Reserve Unit in Amarillo.

Dr. Small has been a member of the Amarillo College staff since 1946, teaching journalism and English and sponsoring the AC newspaper, The Ranger.

## Jowell HD Meets With Mrs. Evans

The Jowell Home Demonstration Club met July 16 in the home of Mrs. E. C. Evans, with the county home demonstration agent, Mrs. Mona K. Hildreth, reporting on the extension service school she attended recently at the University of Colorado at Fort Collins, Colo.

The agent and members also discussed new food ideas and trends in new foods.

The club voted to disband for August, with the next meeting on September 3 in the home of Mrs. E. C. Robinson. The community party will be held at the Jowell Community Center Friday night.

Gray and Mary Gladys Marshall.

For the wedding trip to San Antonio and the Gulf Coast, the bride wore a black sheath with a checked semi-chemise jacket and white accessories.

A graduate of Canyon High School, Mrs. Ruthart will attend West Texas State College. The groom, also a graduate of CHS, is a junior accounting major at WT. After July 20, the couple will make their home at 2202 Fourth Avenue.

## 'As You Like It' To Be Staged Again Because of Bad Weather

Repeat performances of Shakespeare's "As You Like It," will be staged here at West Texas State College Monday and Tuesday nights by the Palo Duro Players. The comedy will again be performed outside in front of the Education Building.

The show is being repeated "to give more people an opportunity to see it," according to William A. Moore, director of WT's summer theatre program. "Many people had to cancel their reservations for the last performances because of bad weather," he said.

Several hundred teachers and school officials are also expected Tuesday for the opening of the sixth annual Reading Conference at WT, and the Palo Duro Players customarily present a play for these visitors. Moore felt that the outside performance of "As You Like It" would have special appeal for the teachers who come from throughout West Texas.

"As You Like It" was presented July 9-12 as the fourth summer theatre show.

Admission for the "Shakespeare under the stars" production will be 75 cents for adults and 50 cents for children and high school students. Reservations for either night may be made through the WT speech department, Phone 015-3781 in Canyon. Curtain time each night is 8:15 p.m.

In the cast are Jerry Williams of Canyon as Orlando, Tommy Culpepper of Canyon as Touchstone, Marty Hinson of Groom as Rosalind, Rae June Hamilton of Amarillo as Celia, Jim Perkins of Borger as Duke Senior, Pluma Jo Metcalf of Vega as Pheba, Roy Lowe of Amarillo as Jaques, and Larry Hamilton of Amarillo as Oliver.

Others are Jack Reynolds of White Deer as Duke Frederick, Fawcett Murphy of Dimmit as Amiens, James Hinkley of Pampa as Le Beau and Silvius, Don Hickman of Canyon as Jaques de Boys, William, and Lord to Frederick, Dan Stallings of Pampa as Corin, Roberta Hickman of Canyon as Audrey, and William A. Moore, Jr., as a page.

## Las Amigas HD Elects Officers

New officers for the year 1959 were elected as the Las Amigas Home Demonstration Club met with Mrs. Allen Winters July 17. Mrs. Calvin Costly was elected president. Other officers are Mrs. J. R. Stork, vice-president; Mrs. Winters, secretary-treasurer; and Mrs. Bob Costly, council representative.

After refreshments were served, the group went swimming in Mrs. Toni Dewey's pool.

## Stork Specials

Mr. and Mrs. Mark Taylor of Amarillo are the parents of a son, Timothy Mark, born July 18. Mrs. Taylor is the former Barbara Allen, daughter of Mr. and Mrs. Lee Allen.

Mrs. Don Patterson returned to her home in Austin after spending the week with her parents, the Ray McReynolds.

Mr. and Mrs. Frank Heare and children of Pampa spent the week end with Mrs. Heare's parents, Mr. and Mrs. Ray McReynolds.

### VOTE FOR BURNEY SLACK

Candidate For  
COUNTY  
JUDGE

RANDALL COUNTY

Subject to Democratic  
Primary July 26

**SINCERE** and determined enough that I rode horseback to Canyon Public Schools, a total distance of more than halfway around the world in five years time. I overcame about the same odds in getting my degree from the University of Texas. I would demonstrate that same kind of sincerity and loyalty, as County Judge, toward all parts of the county, with a desire to serve all alike and treat issues on their relative merits.

**EFFICIENT** through my experience as Randall County Judge, and my willingness to devote my whole time to the many duties of the office without practicing outside the county on taxpayers time for personal gain.

**EXPERIENCED** as a former county judge of Randall County.

(Pd Pol. Adv.)

### Fairview Breezes

We received 1.20 inches of moisture over the weekend.

We had a wonderful singing Sunday at the Fairview Church and enjoyed meeting old friends and welcoming new ones.

Leaving Tuesday by train to visit with their daughter and her family, Mr. and Mrs. Leonard Slack and children of Philadelphia, Pa., were Mr. and Mrs. E. W. Schaeffer. They were accompanied by a daughter, Mrs. Evelyn Shipman, and granddaughter, Pam Shipman, and will probably be gone about four weeks.

Visiting the Woodrow Wesleys a few days the past week was a cousin of Mrs. Wesley from Tucson, Ariz.

Pat Patterson, who has been visiting her aunt in Midland, returned home Sunday.

Mr. and Mrs. Lwelen Wesley and daughter, Jane, of Osceola, Fla., arrived Monday in the home of Mr. Wesley's uncle, J. W. Wesley. Those visiting the Wesleys Monday evening were Mr. and Mrs. G. E. Wesley and Mrs. H. H. Shipman.

Visiting in Palo Duro State Park Tuesday were Mr. and Mrs. J. W. Wesley, Mr. and Mrs. Lwelen Wesley and Jane and Audice Wesley. The Wesleys started on their trip home that afternoon.

Friday evening at the Fairview Church, Brother Lloyd Garrison of Dallas, Ore., will meet his friends and show slides of his work. He is a former pastor of the Fairview Church.

### Courtesy Honors Betty Higgins

Betty Higgins, daughter of Mr. and Mrs. Henry Bracht of Umbarger, was honored with a personal shower from 2:30 to 4:30 p. m. Sunday in the home of Mrs. Aline Lindeman.

Miss Higgins is the bride-elect of Robert L. Hughes of Amarillo. The couple will be married July 29 in Umbarger.

In the receiving line were Mrs. Lindeman, Miss Higgins, and Mrs. Bracht. Hostesses were Mrs. Jack Brandt, Mrs. Roman Friemel, Mrs. Ann Lindeman, and Mrs. Pauline Farmer.

### Agents To Attend Youth Day Meeting

Attending a meeting to plan Rural Youth Day at the Tri-State Fair in September will be Mrs. Mona K. Hildreth, home demonstration agent, and John Brazzil, county agent. The meeting will be held July 29 in the district agent's office in Amarillo under the direction of Rex Baxter, manager of the fair.

### WT Watermelon Feed Comes Tuesday Night

West Texas State College students, faculty and staff and their families will be entertained Tuesday at the college's annual watermelon party.

The feast is slated at 6:15 p. m. at Buffalo Stadium. The melons this year, as has been the custom for the past few years, are furnished by Taylor and Sons Food Store.

Visiting Mr. and Mrs. Delvin Howard recently were Mrs. Howard's parents, Mr. and Mrs. Claude Bartow of Larverne, Okla.

## BILL BLAKLEY

Texans like a public official who is independent in his thinking and doesn't have to account for his actions to anyone except the voters themselves.

William A. Blakley is such a man. Of his race for U. S. Senate, the *Port Arthur News* says: "He entered this race by his own decision. He is beholden to

nobody. He doesn't have to promise special interest groups anything and he wants to represent all of Texas, not any political splinter or fragment or faction above the rest..."

A vote for Bill Blakley on July 26 is a vote for returning to Washington a man who will truly represent Texas.

**BILL BLAKLEY for U.S. SENATE**  
(Pol. Adv. Paid for by Jim Blundell)

### Hildreth Judges Dress Review

Mrs. Mona K. Hildreth, Randall County Home Demonstration agent, along with Mrs. Sybil G. Stringer, Castro County Home Demonstration agent, judged the Deaf Smith County 4-H Club dress review in Hereford Friday.

### Westside 4-H Club Has Swimming Party

The Westside 4-H Club was entertained with a swimming party and picnic in Conner Park Friday. Present were Linda and Cynthia Brown, Lucy Tucek, Linda Kay Metcalf, Mrs. Lewis Tucek, Mrs. J. T. Brown, Mr. and Mrs. Ray Metcalf, Glen Ray Metcalf and Gary Tucek.

31 Years' Experience as Lawyer and Judge

"My candidacy for the Supreme Court of Texas is offered humbly and sincerely on the basis of experience. Your consideration and comparison of my record is invited."

## ANHYDROUS AMMONIA

● ANHYDROUS AMMONIA IS SAFE!  
When reasonable care is exercised in handling ammonia, it is as safe as a number of other items commonly used on the farm.

## ...MR. BUG...MR. WEED

... these two thieves steal many  
**BILLIONS OF DOLLARS IN PROFITS**  
from American farmers, EACH YEAR!

THE OLD PRO SAYS . . .

☆ Authorities estimate that American farmers and ranchers annually lose \$5 billion to weeds, \$4 billion to insects and \$2.5 billion to plant diseases. They tell us, more specifically that hog farmers lose over \$2 million annually to lice and mites and that insects rob beef and dairy cattle producers of more than \$383 million yearly. You do not have to share in these losses! A complete, year-round spraying program with Hanson's top quality equipment will control these pests and put added profits in your wallet.

### ★ HANSON SPRAYING EQUIPMENT BRINGS YOU MANY EXCLUSIVE ADVANTAGES

The patented new Hanson "Swath-o-matic" Brodjet handles every job in a complete, year-round spraying program — makes the wind work for you, too, automatically. The improved Hanson Multi-jet sprayers feature ceramic nozzles — remarkable new nozzles that provide such outstanding resistance to wear and corrosion that they give you almost indefinite operating life. Another Hanson exclusive is the new Hanson Fiberglass tank that just won't rust or corrode. It's exceptionally strong and tough, but still light enough for one man to handle by himself. There are many other outstanding Hanson products, including exclusive pump kits, trailers and accessories.

### ★ FAST AND DEPENDABLE — EASY TO INSTALL, OPERATE AND MAINTAIN

You'll find that the few dollars you invest in Hanson spraying equipment will be returned to you many fold in more dependable chemical applications and longer service life. Before buying any other make, be sure to ask your Hanson dealer, Taylor-Evans, for a demonstration of the equipment of your choice. You'll be glad you did!
